EMERGING TALENT

Once again it's that time of year when a new crop of graduates step into the public arena at *New Designers*, London. In July, some 4,000 graduates launch their careers, hoping to attract the attention of buyers, galleries, commissioning agents and prospective employers. Of particular interest is *One Year On*, showcasing forty selected designer-makers who are just a year into business (Tessa Eastman, right). www.newdesigners.com
